

SVEEP (Systematic Voters' Education and Electoral Participation) Program organised by Block Office, Bijanbari (Election Cell), in collaboration with the IQAC of Bijanbari Degree College(21/11/2022)

The election cell of the Block Office of Bijanbari visited the college on 21/11/2022 and held a special awareness session with the students. The speakers who attended were Miss Shova Darnal, Mr Phurtenji Sherpa and Mr Rishikesh Gurung. The moderation of the program was done by the IQAC coordinator Mr Adit Pariyar. The following points were discussed by the speakers.

1. Systematic Voters' Education and Electoral Participation program, better known as SVEEP, is the flagship program of the Election Commission of India for voter education, spreading voter awareness and promoting voter literacy in India. Since 2009, it has been working towards preparing India's electors and equipping them with basic knowledge related to the electoral process.

2. SVEEP's primary goal is to build a truly participative democracy in India by encouraging all eligible citizens to vote and make an informed decision during the elections. The programme is based on multiple general as well as targeted interventions which are designed according to the socio-economic, cultural and demographic profile of the state as well as the history of electoral participation in previous rounds of elections and learning thereof.

3. Election commission of India offers online voter registration for Indian citizens who have attained the age of 18 on the qualifying date (1st of January of the year of revision of electoral roll). Citizen, can enroll himself/herself as General Voter and fill Form 6 online at National Voters' Service Portal. Registered voters should also check their enrollment status.

4. An Electoral Literacy Club is a platform to engage school students through interesting activities and hands-on experience to sensitise them on their electoral rights and familiarise them with the electoral process of registration and voting. ELCs are also present in colleges and rural communities. At ELCs, learning meets fun. Activities and Games are designed to stimulate and motivate students provoking them to think and ask questions. Through ELC, Election Commission of India aims at strengthening the culture of electoral participation among young and future voters.

After discussing the following points, it was stressed that students know about their voting rights and start their registration process immediately. All the requirements needed to register in the online portal were clearly explained by the speakers. Hence it was made clear to the students about all that was needed to perform their fundamental electoral duties responsible of any individual. The session was ended by a vote of thanks by Mr Adit Pariyar.
