10 responses

1. Proper systematic and regular feedback system (both quantitative and qualitative) from the students is required so that we can improve upon our own methods and practices of learning and teaching.
2. Need for digital classes
3. I personally think that an added impetus can be given to better learning experience by providing smart boards for all the classrooms of our college.
4. Do provide students with career counselling for better future of the students.
5. Cooperation and coordination among the staffs are the basic necessities
6. CAREER GUIDANCE/COUNSELLING IS NEEDED.
7. College should provide education tours for better learning and understanding
8. College administration must do something to increase the student's ratio as we have less students' admission this year as compared to the previous years.
9. No comments
10. Hiring of more staff
